Neat 3-bedroom brick home with protective window shutters, and new floor coverings in the living room and dining room. There is a choice of free-standing wood heater or reverse cycle heat pump for heating the home. The block is flat to enjoy the outdoor area. The open-plan living area is very spacious. The home has a covered carport as a private area for entertaining with an entrance to the dining room. There is another carport attached to the shed, with a large cement area for children to play.
