\$1,050,000 - \$1,150,000

Echoing an era of classical elegance with the perfect canvas for its new owners, this 3-bedroom clinker-brick home offers a world of possibilities on a generous 1,121 square metre (approx.) corner allotment. Its classic yet light interior and the gentle taper of its terrain provide the ideal foundations for modern enhancements in a delightful family-focused locale. Cathedral ceilings, timber-topped bar and exposed clinker-brick walls offer an enduring class to its regal fireside lounge, stepping out to a balcony hugging the angles of the home's U-shaped design. A formal dining room or second living space sides the kitchen with Westinghouse appliances, flowing out to a large entertaining deck relishing its elevated position and bath of morning sunlight. A second fireside lounge on the lower split level sits before three spacious robed bedrooms, including the main bedroom with a fitted robe and a full ensuite. The main bathroom, toilet and laundry add the finishing touches, with further practicalities including split-system air conditioning, ducted heating and a double carport. Renovate or relax within its enduring style and comforts, enjoying a lovely court setting just moments from the zoned Derinya Primary and Mount Erin Secondary schools, public transport, shopping convenience at Baxter Park, Mount Eliza Top Shops and Frankston's CBD, and the beauty of Port Phillip Bay's shimmering blues.
