Not one, but two blocks for the price of one !! Situated in Gidgegannup's only gated community. This land holding is a rare find indeed. The land is situated on a community style strata village which has an electronic secured gate to the entry of the complex. The entire complex consists of approximately 400 acres of land in total, which is divided into 18 separate titles; which consists of hobby farmlets and residential building lots. In addition to the allocated land areas is another 200 acres of common area of mainly natural bush and a large dam. The dam is triangular shaped and is approximately 2.2 million litres. The dam can be accessed by all land owners. You can utilise the pumping station from the dam to raise livestock and for irrigation purposes. With stunning slightly elevated views over the valley and some infrastructure already in place, this 5.17 ha block is one of a kind. Located approximately 15 minutes drive from the Gidgegannup township, less than 30 from the Perth airport and under an hour from the Perth CBD, you can enjoy the peace and serenity of semi-rural living without compromising on easy access to all the amenities of urban living. Block number One - 4.73 ha (11.83 acres) in size and consists of a beautiful parkland cleared land holding with some stunning vistas and big old trees. The property is connected to a scheme water supply which is currently plumbed into 2 holding tanks situated on the property and is supplied from a local spring fed dam for the residents who reside in this community. Ideally suited to build your dream home or run your business venture with a Special Rural zoning the choices are far and wide with this unique and picturesque property. Block Two - 4475 sqm (1.79 acres) and consists of mainly natural bush with sloping undulating views. The block can also have a dwelling build on it with approval from the relevant authorities and is situated in the more residential part of the community.
