\$1,600,000 - \$1,700,000

Make history with a new level of sub-penthouse style! One of the largest residences in Alister Shenfield's unique, boutique Heathcliff heritage development, this balcony-wrapped three bedroom, three bathroom, dual-suite apartment takes sub-penthouse living to new heights with living oriented to north sun, balcony-access for every bedroom, and highly-sought, yet hard to find three-car garaging. Uncompromising by design with 128sqm of internal floorspace supplemented by 29sqm balconies on two sides, this upscale home offers a family-sized fit with an entertainers' kitchen with every Miele appliance (including integrated microwave and dishwasher), bespoke fully-tiled, in-floor heated bathrooms (including a vast principal dual-vanity ensuite with semi-freestanding bath), and a rare full family laundry. Beautifully fitted with a walk-through dressing-area for the master, and full-width, full-height robes for the double-plus secondary bedrooms (one with fitted workstation), the apartment is styled with thick stone benchtops, European Oak floors plus textural loop carpets, and streamlined dual-blinds on double-glazing. Appointed to above-prestige standards with zoned climate control, video-intercom and lift-access, this secure, elevated apartment enjoys a highpoint position, just steps from the heart of Hampton St, a walk to the beach and station, a cycle to the South Rd colleges, and in reach of Church St's international shopping and restaurants, and the Sandbelt's world-class golf-courses. If you've been looking to downsize without compromise, this is the one! For more information about this three-bedroom, multi-suite apartment contact Peter Hickey or Stefan Delyster at Buxton Sandringham.
