Nestled away in the heart of Robina woods is this promising 2-bedroom, 2-bathroom villa on one level that offers enormous potential for the first home buyer or astute investor. The villa comprises 2 separate airconditioned living areas. There is a formal eating area beyond the galley styled kitchen and a formal separate lounge. This home is unlike most of its kind because of its raked high ceilings, which give it a feeling of quality and space. There are two outdoor spaces: one flows from the main bedroom, and the other is a secluded, enclosed, lush alfresco area that extends outside the main living areas. This gives everyone in the house plenty of room to enjoy some privacy, both inside and outside. There is a single lockable garage attached. You've got yourself a wonderful little property in an excellent location with low body corporate. You have all you need in a house, right near world-class shopping and entertainment in Robina town centre, and conveniently located near the local bus route. Examinations are essential. Move quickly to prevent disappointment.
