This private and secure haven with dual courtyards and chef's kitchen is fabulously situated in a boutique group of townhouses in the popular Avenues west of Beaufort Street. Offering a fabulous lock & leave opportunity, or low maintenance near city base for those that like to entertain and play, it was bound to attract strong interest from singles, couples, small families and investors alike. And as a result, it's gone Under Offer off-market. If you've got something similar to sell please get in touch asap and if you're not already on our database - please email!
