Peacefully nestled within a leafy cul-de-sac, this affordable three-bedroom home offers an outstanding entry level opportunity for first home buyers or investors seeking to add to their portfolio in this family-focused pocket. Perched on an approximate 575m² and enviably elevated to capture the northern sunshine, this brick classic is presented in comfortable condition and awaits your personal touch. Bright, light and bursting with potential, this blank canvas is ripe for a cosmetic refresh and provides plenty of future scope to further enhance or renovate over time (STCA.) Well-laid out, the floorplan comprises spacious lounge room with large floor-to-ceiling windows capturing the natural light and garden views, accompanied by a large neat kitchen and meals area at the social heart. Quietly tucked away from the living zones are three great-sized bedrooms, all sharing central spa bathroom with separate shower, while the charming warmth of polished timber floors flow throughout, along with the comfort of ducted heating. The sunny backyard comes with your very own lemon tree and lawn for kids and pets to play, plus a huge double garage/powered workshop set behind secure gates with ample extra parking for the trailer. Well-located in a quiet pocket; stroll to the playground and park, Aldercourt Primary School, bus stops and local shopping village, while the Seaford Hotel, supermarkets, cafes, freeway access and stunning beaches are all within easy reach.
