\$282,000

One of the north coasts premier over 55's villages now has an opportunity in the \$200's and how neat and tidy it is! 2 bed, 1 bath layout with renovated kitchen (with dishwasher) plenty of air conditioning and a 6.6kw solar system to keep living expenses even cheaper. 10 Bangalow Crescent - from its front porch to the back bedrooms is very impressive but the real selling point of this lot is the view from the back entertaining area. Unlike many other lots in the village this one has an unimpeded and quite beautiful outlook from the rear over parklands that gives you the sense that you are looking over a vast lawn - one you never have to mow! Security, low maintenance, manageable living costs and a lovely sense of community make Jacaranda Grove one of the best. Whether you are an active retiree who wants to travel or a homebody who enjoys spending time with the grandkids this type of living is undeniably popular and for a reason! Owners have set their move and need this sold now. Current weekly rent is \$163 (forecast to not increase over \$193 but be sure to make your own enquiries).
