With so much of the hard work done, this stunning 1880 Victorian 2 storey home is an impressive landmark property. 4 minute walk to the CBD. Magnificent brand new ensuite. Gorgeous marble mantels. Soaring high ceilings. Stunning central staircase. Deep skirtings and ornate ceiling roses. Plantation shutters throughout most of the home. Sweeping city views across town and down the river. Currently zoned Inner Residential, there is so much potential to take this property to the next level whether it be your family home/townhouse or even offices (STCA)
