Those who are searching for a modern, light-filled home with views of rolling green hills with all the hard work already completed will appreciate this turn-key opportunity, nestled in a quiet court location. This vibrant custom build is yet to have its first birthday and the most discerning buyer will appreciate the quality build, high level extras, significant landscaping investment and modern design that is aesthetically pleasing from curbside and beyond. Designed with some delightful features such as the open plan kitchen, dining and living area with high ceilings, square set cornices, R/C air con, large double glazed, 8ft awning windows and doors, plus a commanding 8ft entry door with security screen for warmer weather air flow. Each of these features give the home the feeling of a generosity of space and the ability to furnish it with some statement pieces of furniture or art. There is direct access to the kitchen from the oversized double garage, complete with European laundry and rear roller door access to the backyard. The kitchen features stone bench tops, high end appliances and ample storage. Practical vinyl flooring is throughout the home for easy care and for those who require a low allergen environment. Lots of visible and invisible work has gone into the landscaping and the yard is practically terraced and has good access and an abundance of beautiful plants that are establishing well.
