With all the living areas on the one level, this elevated home is both practical and maintained to perfection. This home features casual and formal dining areas, a formal lounge to oversee the distant lake views, a huge casual living area and of course my favourite, the outdoor living area perfect for all weather. Add to this, an open plan extremely spacious kitchen with modern appliances and plenty of bench space - and you have got all entertaining bases covered. The master bedroom complete with ensuite, is definitely a "wow" moment as it is substantial in size, is light and bright, with plenty of room to create your own sunny 'parent retreat' area to enjoy. The addition of a reverse-cycle air-conditioner and fan in this room, ensures you will be tempted there no matter what the weather is doing. The outside undercover entertainment area is certainly a popular spot for the owners and their guests. This welcoming area offers complete privacy from all neighbours, is decorative with an abundance of selected plant colour and tasteful garden ornaments - and best of all is accessed directly from the family room and kitchen!! could go on and on, as this is definitely a special home that offers 3 more bedrooms, spacious bathroom & separate W.C. to cater for family and friends - with the generous laundry accessing the entertainment area, ideally placed to make the trip to the clothesline a breeze! Downstairs we have a massively oversized 2+ automatic garage space that also accommodates two huge store-room areas under the house. From these two viewpoints, you can see with the naked eye that there are no water issues at all - it is dry as a chip and a great place to store your suitcases, surf boards and any outdoor valuables!
