The owner has done an outstanding job of renovating this beautiful home. She has carefully maintained the character and charm, while giving it a more open plan feel to suit the modern day family. Upon entry you will be wowed by the warm soft glow of the original hardwood timber floors, and of course the High ceilings with decorative cornice. The open plan lounge, dining and stunning new kitchen, make modern living a breeze and is great for entertaining. Walking up the hall you will come to bedroom 3, which is large bright and airy. Next, is the main bathroom, the owner has maintained a lot of the original features, like the "penny tiles" on the floor, while adding a new toilet and vanity. You then come to the original main bedroom which is now the guest room, with built in robes and windows on two walls, allowing for lots of natural light. The last but not least is the beautiful main bedroom with walk in robe and brand new ensuite, the whole effect is just stunning. Heading back down the hall, you step out onto a large undercover outdoor entertaining area, Great for outdoor living and enjoying the tropical gardens including a large mango tree and old growth citrus trees.
