Cozy and neat home at a price that makes buying or investing make sense. The home comes with a four-bay shed, including 1 bay workshop, that leaves plenty of room to park two vehicles, and still have stacks of storage space. A covered verandah looks over a neat backyard and, did I say, four bay shed. The property is fenced with gated access to the shed from the side of the house. The comfortable circa 1960 cottage has three bedrooms, dine in kitchen, one bathroom and a living room with reverse cycle airconditioner. If you are looking for your first affordable home or an investment property located in a well serviced regional town, look at 10 Floyed St Narrogin. Narrogin offers a range of sporting facilities, schools and services including medical and aged care facilities. Call Sandra Hortin, Elders Real Estate Rural Narrogin on 0487316906 for viewing times.
