**\$2,400,000**

The great-looking brick exterior of this classic Cherrybrook charmer makes a lasting first impression that's more than matched by its bright and expansive interior spaces. Nestled at the very end of the cul-de-sac, the attractive home makes the perfect family haven and sits on an established garden block with a level backyard and plenty of room for outside fun or entertaining. It's presented in fantastic condition and offers an inviting blend of comfort for today and exciting scope to introduce your own flair in the future, while enjoying this sought-after neighbourhood that's a few minutes' drive from Cherrybrook Village shopping centre and the Metro station, while being walking distance to Greenway Park and the area's best schools. Privately tucked away back from the street behind a deep front garden. Generous interior layout that features a choice of separate living areas. A sun-drenched north-facing backyard with level lawn and covered patio. All four bedrooms are double-sized and come with built-in wardrobes. Fully functional timber kitchen equipped with gas cooking and breakfast bar. Double lock-up garage, a garden shed and separate sunroom/study space. Ducted air-conditioning throughout, solid timber floors and fresh paint. Excellent future potential for a creative update or renovation. In the catchment zone for John Purchase and Cherrybrook Tech High. Easy access to schools and buses through walkway in Gwynnellen Place.
