\$590,000 - \$610,000

This two bedroom 1 x bathroom home would be a great beginning to your property portfolio. This corner block is situated right across the street from the local sports grounds and is in easy walking distance to the supermarket, cafes and restaurants. The block has rear access and a north facing outlook which would be a great position to build a granny flat or second small home (S.T.C.A). There is plenty of opportunity to value add to this home so if you are after a fixer upper then this is the one you have been looking for.
