\$535,000

This property represents great value for a first home buyer or investor and will give an investor a great return. This two storey home is close to Old Bar, Taree and the highway; extremely well-located to services. The location is surprisingly quiet and yet easy driving to Old Bar beach, Taree and shopping options. School buses operate from out the front so getting the kids to school is a breeze. Featuring large open-space living areas, the property has a sense of space. A little TLC is needed but with fully-fenced front and back yards, this property would suit a couple starting out with young kids. Two bathrooms and 4/5 bedrooms make for a number of options for a family. Freshly painted inside and out. The property would also suit an investor looking for a strong rental. Airconditioning and tiling in living areas makes this property very cool in the summer and huge timber firebox heater a toasty warm place in winter. There is a double shed with storage and kids room, play equipment and grassed areas for children to play safely. Contact Steve Attkins on 0488 788 169 for an inspection.
