Immaculately maintained over the years this home is positioned in a quiet street mid-way between the Central Business District and the North Orange Shopping precinct, with Bletchington Public School just around the corner. The lounge and dining rooms are a great size, the kitchen has a functional layout while you also have a second living space/ sunroom at the back of the home over looking the full enclosed backyard. The sundrenched bedrooms at the front of the home accommodate Queens beds and incorporate built-in robes, the bathroom is in great condition for the age of the home, featuring a shower and bath with separate toilet. Remove the carpet to expose the beautiful timber floor boards, this home has great potential to enhance the original features. Other inclusions are ducted gas heating, oversized carport and single lock up garage, a garden shed, and easy care backyard. Built and maintained to a high standard, located in an established area just North of the CBD, this home must be inspected to truly be appreciated.
