Placed between renowned Victoria Street and Bridge Road shopping and dining hubs, this sophisticated showpiece sees a range of clever, upscale appointments illustrate a thoughtful take on modern luxury. Making for a compelling street stance, a cutting edge facade reveals a tastefully transformed, storage rich interior, promoting practicality, proportion, and passive light throughout. Adorned with a fold out queen bed, a bright, ground floor bedroom complements a trio of generous, top floor rooms, together served by substantial robe storage, a skylit master ensuite with twin rain shower, and luxe main bathroom with standalone soaker tub. Parted by a Häfele equipped gourmet kitchen with soft close cabinetry providing unrivalled functionality, open living and dining zones merge with a covered, north facing terrace, perfect for a quiet morning coffee or evening drink with friends. Highlights include reverse cycle heating/cooling, hardwood floors, two fitted study stations, and a tandem garage with a third bathroom, laundry, and added storage. Steps from city, MCG, and Chapel trams, North Richmond Station, cafés and restaurants, acclaimed schools, Yarra trails, and Victoria Gardens.
