With a fresh coat of paint this three bedroom home is waiting just for YOU today! Situated close to the local schools and shops and on a perfectly level block of land, it's a beauty. Located in a nice tree lined street it offers privacy to the front and rear yards, a lane to the side so no neighbour, and a well proportioned back yard. A covered carport and an extra large metal garage and you'll never be short of storage space. Internally there are three bedrooms at the southern end of the home, to the north, a separate dining room, lounge and family room allowing space for your growing family perhaps? The kitchen offers gas cooking and stainless steel appliances and a pantry with sliding shelf drawers for easy access. Overall this is a great start up home for your first time in the market perhaps, or do up option for the investor or property flipper maybe? The options are endless but the location is spot on, Your inspection is recommended. We liked: * Close to the shops and schools* Nice street scape* Good external storage* Two living spaces* Private level block* One neighbour
