\$875,000

The perfect lifestyle property awaits with easy walking distance to the beach, water views, solar power, large block, garage and a spacious 4 bedroom home. This property has just been freshly painted inside and can easily be set up for dual living. Sit out on the north facing deck and take in the views over Westernport Bay or have a leisurely walk along the beach. The large block gives you ample options from future renovations, possible subdivision (STCA), and plenty of parking for boats, caravans or additional gardens. Located half way between San and Cowes makes it the perfect choice with easy access to everything on the Island.
