Victorian double brick on sandstone foundations, built in 1875 for the Hancock family, retains all original features including cedar 12-pane windows, cedar doors and architraves, wide pine floors, fabulous wine cellar, and well. Three generous bedrooms branch off the hallway, with the master bedroom featuring a convenient walk-in robe and access to a two-way bathroom. A cozy formal lounge is located at the end of the hall, with dramatic chandeliers throughout. A solid timber kitchen with granite benchtop adjoins the dining family area, with office space around the corner. Step out to the rear deck with wisteria covered gazebo, autumn leaves falling, making way for the spring show of lavender flowers. An amazing private oasis with a spectacular choice of plants with complimenting foliage of contrasting colours and structure. Drystone walls have been set in place to terrace the boundary under the house, which is a beautiful entertaining space, a laundry, and cellar. Fabulous area to escape to in complete privacy. Walk into CBD to wine and dine or enjoy a coffee. Set on the rise of Denmark Hill in a plethora of 19th-century homes, this is a rare opportunity to acquire such a fine example of Victorian splendour. Offers over \$899,000. Property Code: 1732
