A true lifestyle retreat, this remarkable home makes every day feel like a holiday. Architecturally striking and carefully designed to capture both poolside views and the leafy canopy of trees over Gresswell Wildlife Reserve, you're introduced to a spacious lounge room flooded in light, ideal for spending time as a family or quiet nights in. Step through to a dining zone that opens to the pool and alfresco zones when entertaining, complemented by a living room warmed by a gas log fire, and a refined kitchen boasting a long waterfall stone breakfast bar, premium Bosch appliances, and a walk-in pantry. Ascending upstairs, discover a study nook, and the indulgently large master suite, finished with a walk-through dressing room with incredible storage, and a deluxe ensuite boasting a freestanding tub, a double shower and a dual-basin vanity with supreme storage. Three additional robed bedrooms share a modern family bathroom. Designed for lifestyle lovers, the backyard is a haven for outdoor activities, highlighted by an infinity-edge pool, bluestone paving, a covered alfresco zone, a sundeck and an undercover BBQ zone with a fridge. Finishing touches include an alarm, CCTV, double-glazed windows, ducted heating, split system air conditioning, laundry chute, water tanks and a double auto garage. Set within the prestigious Springthorpe Estate with Country Club facilities, and proximity to quality schooling, La Trobe University, Macleod Village and Train Station and Northland Shopping Centre.
