This stunning home makes an impact from the minute you lay eyes on it... The large corner lot with plenty of parking and truck access, along with the spacious 9.5m x 7m barn-style shed, make it a dream come true for car enthusiasts or tradespeople. The stylish kitchen, meals, and living area seem like the perfect space for everyday family life, especially with the seamless connection to the large alfresco area. I can imagine how wonderful it would be to enjoy the outdoor kitchen while relishing the northerly aspect. The multiple living areas, including a separate theatre room, provide great flexibility and options for different activities complete with ducted reverse cycle air conditioning, comfort is guaranteed. Ideally located within walking distance to café, restaurants, shops, schools, rail and only five minutes drive to the M31, only 25 minute drive to Macarthur. Come and have a look, you won't do better than this!!
