Offering Vacant Possession now - ready for new owners! Located in the friendly village of Irishtown amongst rolling farmland finds this attractive 8.39 acre property offering an idyllic family lifestyle. The property consists of a sturdy 4 bedroom farmhouse with open plan living all kept cosy by a large freestanding woodheater. The kitchen overlooks the securely fenced backyard where the children and their pets can play safely. There's also a second living room or rumpus great for extra space as a play or TV room. Outside is a massive shed - firstly the high double bay 8x6m which would suit a caravan, boat or horse float, then approx. 24x6m which incorporates the mancave, workshop & barn. The 8.39 acres of land is basically all level, where you can raise a few calves, sheep or horses and let the kids ride their mini bikes. Town water is connected to the property, and it's conveniently located only a few mins walk to local shop, post office and footy ground, and on a school bus route. If it's a quiet country lifestyle for your family and to raise a few animals, then this must be inspected.
