\$1,650,000 - \$1,750,000

A classical Californian that has morphed memorably into a modern family home of exceptional scale and style, this stunning home delivers character in dimensions and quality in its details. The flexibility of four bedrooms and three fabulous fully-tiled bathrooms, including an upstairs master suite in an upstairs zone of its own and an alternative main bedroom with a beautiful bay window and elegant ensuite, reflect the renovation's family friendliness. Living and dining areas reveal a north-facing decked backdrop of instant appeal while the open-plan kitchen's stone benches, elite appliances and integrated Liebherr fridge and freezer illustrate the emphasis on excellence that's such a signature of this home. Victorian Ash floorboards, an evocative exposed brick feature wall, heating/cooling, a superb floating staircase and effective sky-lighting enhance the impact, surrounded by precise landscaping, a leafy front garden and off street parking. Newport Lakes Primary School lies literally a moment or two away - and that's walking - from this coveted setting.
