Mingling with peaceful seclusion and natural serenity, this expansive and contemporary sanctuary is a beacon of family excellence and refined rural living, indulging in warm-hearted hospitality and superior leisure with a flawless indoor-outdoor living design that's an art form of functionality and pleasure. Meticulously planned to encapsulate life's luxuries on this one-acre (approx) plot of land, the home's multiple living zones seek out the spellbinding tranquillity and invigorating ambience of the bushland surroundings with seamless outdoor access. Supported by quality appliances and a superb Butler's pantry, the sophisticated stone kitchen and its 'second-in-command' deluxe outdoor kitchen pledge lavish entertaining possibilities, with an invitation to cosy up in front of the outdoor open fireplace, gather around the fire pit and stargaze in the warm glow, and spend endless hours in and around the sublime in-ground pool creating family memories. To one side of the home, the main bedroom, with its palatial ensuite, provides a private sanctuary for parents, whilst four additional robed bedrooms at the other end ensure ample space for family and guests. A private home office and a separate study offer outstanding practicality for working from home and the children's study requirements, whilst the amenity of a family bathroom, powder room, laundry with additional toilet, and garaging for three cars present a haven of ultimate convenience. Complete with DA Approval for a granny flat to the rear of the residence. Finished with finesse, the magnificent tray ceilings, quality flooring, and ducted heating and cooling highlight the home's attention to detail, whilst its quiet location along the Shoalhaven River is approximately 6km to Nowra town centre, 19km to Falls Creek and 20km to Berry.
