\$685,000

Positioned in Northview Estate this family home offers five bedrooms with many extra`s. For example you will benefit from fully ducted reverse cycle air conditioning with 4 x zone settings and the added comfort of knowing running cost will be off-set by the 10kw solar system installed. This home has been designed with family living in mind offering three separate living areas inside + a covered Alfresco to the rear for entertaining. Tiles feature throughout all high traffic areas creating a clean modern space and all bedrooms are fitted with built-in robes with a large walk-in robe + ensuite bathroom to the main suite. The main bathroom is central to bedrooms 2,3,4,& 5. The kitchen takes centre-stage opening onto a large dining / family space with a large centre-bench / breakfast bar offering exceptional storage and bench space. Quality appliances are installed and a separate "Butlers Pantry" style cabinet has been added for storage of larger electrical appliances as well as even more general storage space. Additional improvements include quality fixtures and fittings including the Plantation Shutters on windows + downlighting throughout (even in the garage). The 840m2 allotment allows room to the rear for additional improvements such as a pool or additional shedding + there is room to put a trailer or boat off the street. Your inspection is both invited and highly recommended. After all.... don`t you deserve some quality living in your life.....
