Tri-level home on a large 1,469m<sup>2</sup> lot in a quiet cul-de-sac has its own pocket of rain forest with a summer creek at the rear. Originally a builder's own home and now fully restored beyond its former glory. The polished hardwood floors of the upstairs living area open onto a large, covered deck overlooking the new in-ground saltwater pool and beyond to the rainforest outlook to the North and West. On the middle level are two additional bedrooms, and the spacious main bedroom, there are also two bathrooms on the lower level, also a wraparound deck on this level which leads down to the pool area, large shed/workshop and the garden with firepit and fruit trees.. and even a chook run! Undercover parking for two vehicles plus room for two more off street, and ample storage space under the house. Homes in this quiet location and price range are getting harder to find so this is your chance to take advantage of the sellers changing situation and to make a move to the Tamborine Mountain community and lifestyle... not to mention the excellent educational facilities.
