For Sale

If you're looking for an affordable entry level home with potential, then you must inspect this property. This property offers a difference to the standard concrete block homes and although it does need some TLC, it also offers unlimited potential to personalize the property to your needs. Situated on a flat 650m² block of land, 3 bedrooms, master with built-in robe and air-conditioning. A neat functional kitchen, separate dining and an airconditioned living area. There is a wide driveway access point that provides ample room for vehicle parking and plenty of room to store a boat and/or caravan. The block offers easy access for the installation of a swimming pool and the fully fenced yard is an ideal area for the kids and pets. The garage will also assist you with your storage needs. Conveniently located within close walking distance to Proserpine main street. Please call Paul Skinner at Ray White Whitsunday on 0404 490 079 to arrange an inspection.
