A MUST TO INSPECT BECAUSE YOU COULD BE THE NEW OWNER! This high set timber home is absolute VALUE FOR MONEY and it would have to be one of the best buys in Gladstone at the moment! The owner's circumstances have now changed so he didn't get to finish the project, but the home has a lot to offer. YES, it still needs some work, but wow, the end result will definitely be worth it. There are hardwood timber floors throughout, a good size kitchen, a separate dining area and the living area is spacious and air conditioned, plus there's a sun room located at the front of the home. The Master bedroom is a king size room with built-in robes, a fan and air conditioning, while the other two bedrooms both have fans and all of the bedrooms are carpeted. The bathroom has a shower over bath, a vanity and there's a separate toilet, while the laundry is downstairs underneath the house. Underneath the home there's a double lock-up garage for two cars, heaps of room for a workshop, a gym or even a hobby. Great yard on a flat 847m² size corner block, plenty of side access and room for a shed, plus the yard is fully fenced and private, there's an outdoor pergola area, a garden shed and heaps of room for the kids and pets to run around and play!
