\$620,000

Carefully considered and meticulously presented, 10 Windsor Street is an opportunity not to be missed. Positioned within the highly regarded suburb of Glenella this bespoke home is as stunning as the day it was completed. Featuring open plan living, premium finishes and low maintenance characteristics, this home is sure to appease a broad range of requirements.

Showcasing a curved roofline this home is a standout from the moment you arrive and stepping inside only reaffirms this. The first space you're welcomed into is the open plan living area which is nothing short of grand, comprising the kitchen, dining and lounge spaces. Recently renovated, this home's kitchen would be a pleasure to work in featuring Essastone benchtops in the timeless Fino Venato finish, complemented by 2Pac cabinetry and premium appliances. The kitchen overlooking the living area and each space working with one another, ideal for both entertaining but also day to day living. Where privacy is needed this home is respectful nestling the bedrooms away from those busier spaces. The master bedroom positioned at the rear of the home is just as grand as the living area including a parents retreat, ensuite and walk-in-robe. With a view of the backyard and even its own porch this space is truly a retreat and some other features include wrap around storage in the WIR and a walk-in-shower in the ensuite. The remaining two bedrooms are not forgotten, both with built-in-robos, closely positioned to the main bathroom and one with private access to a deck. Not to forget there is a walk-in linen cupboard, the home tiled throughout for ease and the living area, plus two bedrooms are air conditioned. Seamlessly connected to the internal living spaces, the outdoor living area is somewhere you'll find yourself year round. With the ability to enclose this space when needed, no matter the weather conditions or time of day you can enjoy this outdoor space thanks to the electric blinds. May your dreams come true with the dual zone spa, containing a heated spa and swim spa compartment to keep everyone happy. Running costs remain low with a solar and solar hot water system, very low maintenance gardens and a garden shed. Plus, this home's positioning will have you close to so many of life's conveniences including great schools, shopping centres and the Mackay CBD no further than 10 minutes away. 10 Windsor Street is a true testament to how a home should be maintained and presented, as stunning as the day it was completed. With so much on offer this home really needs to be seen to be fully appreciated, we look forward to showing you through.
