A veranda extending the full length of the front of the home perfectly complements the country ambiance and is warmly inviting. Stepping inside, the home is warmly inviting with a wide entry and family friendly floor plan that seamlessly presents you to the first of two living areas. From here, step outside to a huge decked, alfresco or continue into the enormous, open concept, kitchen meals and living area where a wall of frameless windows extends across the rear inviting and seamlessly merging the magnificence of the views from outdoors for optimal enjoyment inside. You will really feel at one with nature. Your kitchen is well appointed with lovely pendant lights over the island bench, plenty of bench prep and storage space complemented by an electric double oven, gas cooktop, range hood and dishwasher.
