**\$1,045,000**

Are you looking for a property not far from Brisbane city and in an elevated position? This neat and tidy three bedroom post war home offers a great opportunity for both investors and home buyers alike. Currently tenanted for \$550 per week until the 30th of August the property provides a generous secure yard, updated kitchen and bathroom with plenty of options to upgrade or extend in the future. The current tenants are willing to sign a new lease for the property. With affordable properties getting more difficult to find, be sure to add this property to your inspection list.
