Take advantage of the Council permit and existing plans for a luxurious five-level contemporary masterpiece designed by renowned architect Rob Mills Architecture & Interiors within a 1,365sqm allotment. Impressively situated in one of Toorak's most coveted addresses and only one of a handful with absolute river frontage, this period residence represents a once in a lifetime opportunity to create a landmark family domain (STCA). A breathtaking setting for a generational home, the leafy tranquility is matched by close proximity to elite private schools, Heyington station, Toorak Village, the Yarra River bike trail and freeway access. An opportunity such as this is exceedingly rare and not to be missed. Alternatively renovate the existing period home or design a new residence to your own requirements and taste (STCA).
