\$700 per week

This gorgeous north-east facing new generation apartment offers you all the creature comforts of modern high rise apartment living but with a huge courtyard and room to move. The Orion complex offers secure intercom entry, secure basement parking and lifts for easy access. Kick back and enjoy the roof-top infinity lap pool, sun lounge deck, and entertainment area with breathtaking, totally unobstructed views to the city. It's simply magic at night to see the city sparkle and to enjoy this special space with family and friends. This beautiful ground floor apartment is beautifully appointed and generously proportioned with two large light-filled bedrooms, and ensuite and main bathroom, open plan living, high-end designer kitchen cabinetry with stone bench tops, glass splash backs, gas cooktop, and large pantry space. Climate controlled ducted air conditioning and ceiling fans will keep you cosy warm in Winter and refreshingly cool in Summer. Recessed lighting, 2.7m ceilings, luxury finishes, superfast broadband and cheap utilities are some of the benefits of living in this apartment. Step out onto a large alfresco dining area and take in the picturesque garden courtyard; one of the few apartments that can boast such a large outdoor living area. The rooftop area is also equipped with an outdoor kitchen and dining areas for the exclusive use of Orion residents (incl family and friends).
