When location and views matter, Amity apartments are second to none. Situated with the beach on your doorstep and within easy walking distance to everything Redcliffe has on offer, who could ask for anything more! Our owners did, so they created their very own unique piece of paradise when they bought their apartment off the plans and made 132 changes to the original design and you won't be disappointed. Everything has been finished to perfection, come and see for yourself. Your bedrooms are all gracious and spacious and your bathrooms are simply stunning. The sumptuous lounge flows effortlessly to your huge decks where you can while away the hours lost in your breathtaking views or party with 20 or 50 friends whatever you choose. You'll love your outdoor kitchen, speaking of kitchens your beautiful kitchen with stunning views and huge pantry is just another one of the many bonuses on offer. Your large office is very private and can also be your third bedroom whichever you prefer. Another bonus is your huge storage, you are spoiled for choice not only in your apartment, you also have a huge workshop. The living really is easy at Amity complimented by a huge, heated swimming pool plus a recreation room complete with library and snooker table plus huge outdoor barbeque area and then of course the gym. This apartment is truly spectacular but don't take my word for it come along and see for yourself.
