Set inside the historic and brilliantly reimagined Victoria Brewery site, this easy living standout offers functional and sunlit fluency with remarkable vistas across esteemed East Melbourne and beyond. Smartly worked for effortless movement and passive light, a relaxing interior comprises a pair of impressive bedrooms, accompanied by a stylish bathroom with individual bath and shower. Making clever use of space, a fitted dining bench adorns a smart, stone top kitchen with a stainless gas top, oven, and dishwasher, while a considerable living/dining domain spills onto a quiet balcony with spectacular sights over MCG light towers, pristine parkland, and the area's heritage surrounds. A magnificent lifestyle prospect with equal suitability as a yield minded investment, highlights include reverse cycle heating and cooling, wall heaters, built in robes, a European laundry, intercom, and garage with added storage, while first rate amenities span an on site building manager, rooftop pool, and gymnasium. Steps from vibrant Smith, Brunswick, and Gertrude Streets, trains and trams, and the iconic MCG, with neighbouring Fitzroy and Treasury Gardens revealing the CBD's lively East End.
