Secure 3 Bedroom Lifestyle or Investment Offering a secure and enriching lifestyle investment with a refreshed contemporary charm, this 3-bedroom home's modern aesthetics intertwine with its classic blonde-brick construction, creating a chic and comforting haven ideally suited to first-time buyers and astute investors. Full-height fences secret an existence away from the rest of the world, with a timeless brick facade and stunning hardwood floors guiding into a spacious lounge. A separate kitchen and dining space is adorned with sleek laminate benches around a modern gas cooker, a dishwasher, and abundant storage options, with alfresco sliding doors seamlessly merging indoor and outdoor spaces. The soft glow of LED hallway lighting introduces three generous bedrooms, each with ample built-in robes and service from a refreshed bathroom, separate toilet and a fitted laundry. The expansive covered alfresco area is a versatile outdoor sanctuary, perfect for entertaining or quiet relaxation, adjacent to a freestanding garage/workshop and a secure carport. Comforted with ducted heating and split-system air conditioning, it sits directly opposite Pines Flora & Fauna Reserve, granting easy access to shops and schools, with the Seaford foreshore and Mornington Peninsula Freeway/Eastlink access nearby.
