The Brookville defines outstanding artistry, timeless design and exemplifies a new era of Toorak living. Envisioned by the incomparable team of SPG, Carr, and VCON, The Brookville embodies the prestige of its coveted address with a renewed level of sophistication. Inspired by Australian Modernism, Carr's & SPG's vision ushers in a new way of life in Toorak. One that captures everything the area is celebrated for while presenting a new class of indulgence. The Brookville is a striking facade of horizontal textured concrete and blackened metal fitting perfectly into Toorak's leafy streets. Beyond this iconic frontage are two and three-bedroom residences that are next level luxury and functionality. Features such as full-size car spaces, lift access and secure private entries make life pleasurable. But it's the thoughtful touches that really makes these residences 'homes of the future'. Private solar energy production, generosity of storage, and electric car charging provisions are just some of the ways The Brookville takes life to a grander level. Kitchens naturally lit by overhead skylights feature full height marbled stone splash backs, timber waterfall edge island benches, VZUG and SubZero integrated packages including integrated wine fridge, 5 zone induction cooktop, 5 burner gas cooktop, warming drawer, range hood and integrated dishwasher. The Brookville is perfectly located; an easy walk to both Toorak and Hawksburn Villages for shopping and entertainment.
