CONSTRUCTION COMMENCED - MOVE IN NOV 2024 The Walton celebrates the ideas of heritage and tradition, reimagined for contemporary living. It is an expression of the new Kew, inspired by its past. Perched on an elevated, leafy street corner, The Walton presents a collection of 27 two and three-bedroom exquisite apartments. A familiar, yet contemporary material palette, juxtaposes the old and new. The fall of the land creates a sense of reveal, boasting views towards the Dandenong Ranges. Reminiscent of established family homes, there is no compromise to space and quality, crafted for the life you love. Natural light flows through this North facing apartment throughout the day, creating a bright and atmospheric space. The terrace is thoughtfully designed for year-round usability by providing an undercover space. This exceptional three-bedroom dwelling blends luxury with the optimal layout, creating the ideal living space. Secure your dream home now and anticipate settling in by November 2024. Construction is currently in progress, ensuring your future residence is well underway.
