

104 Stanford Street, Kitchener, NSW 2325

Sold Residential Land

Monday, 11 September 2023

104 Stanford Street, Kitchener, NSW 2325

Area: 2017 m2

Type: Residential Land

\$580,000

Spectacular vacant building block in new country Estate at Kitchener. Property is just under half acre (2017 square metre). This is the last building block in a prestige estate already developed with upmarket homes selling between 1.0M and 1.4M. The estate has that country feel but only a 5 min drive to CBD of Cessnock and 20 min drive to Hunter Valley Vineyards. The building block is fenced on both side boundaries and is very flat with gentle slope east to west. Enough room for large home and pool leaving area at rear for huge shed.
