Welcome to your new home, a charming home that has been lovingly renovated to offer warmth and comfort at every turn. Inside, the three bedrooms invites you with ample space and built-in robes in two. The third bedroom can be adapted to your needs, whether as a stylish formal dining area or a large study, as it is currently being used. The cosy lounge room is complete with wood fire and reverse cycle air conditioner. Your designer bathroom awaits, a sanctuary boasting a luxurious freestanding bath, a spacious walk-in shower, and elegant touches like the sliding barn door, echoing the bathroom's refined style. For culinary enthusiasts, the kitchen is a dream come true, equipped with stainless steel appliances, including Westinghouse freestanding stove, microwave/convection oven, range hood, and dishwasher. Sunlight pours in through the north-facing window, illuminating your culinary adventures. Step outside onto the north-facing deck, your personal retreat. Beyond lies your private garden oasis, where vegetable beds flourish and hidden sheds offer sanctuary—a "Man Cave" or "She Shed," a woodshed, and a garden shed, all tucked away behind the convenient single carport plus a single car garage with internal access. To discover more about this enchanting home or to arrange a viewing, reach out to Matthew on 0437 015 018.
