Representing style, security and superb appointments in a location that's close to everything from parkland to trains, this polished as new two bedroom, two bathroom apartment is an alluring base in the elegant ESSE complex. Miele appliances, stone countertops and dark mirrored splashbacks lend sophistication to the open kitchen/meals/living, which flows to a covered balcony with bright outlook. Good sized bedrooms with BIR. European laundry, video intercom, inverter heating/cooling, elevator access, parking space (not stacker) and Strathmore College zoning prove this refined residence has everything you'd hoped for and more.
