\$1,200,000

Occupying a coveted ridgetop position offering panoramic views from Mt Baw Baw to Westernport discover this beautifully positioned, family-friendly home with a large shed on 2.5 acres. The residence has been extensively renovated and upgraded throughout and offers glorious views from two very spacious light-filled living areas. Separating these living zones, a deluxe kitchen with quality appliances, myriad cupboards and generous work surfaces will impress. Four beautifully proportioned bedrooms include a master bedroom with a fully renovated bathroom and walk-through wardrobes, whilst the three secondary bedrooms are serviced by a further two bathrooms. A separate study makes an ideal home office or storage room. There is an oversized two-car garage under the roofline, all concrete floored and powered, while an under-home cellar is perfect for additional storage. The steel 11mx7.5m Hi-Line shed with upgraded power and concrete floor sits adjacent to the 6m x14m shed, fitted out for storage, stable and feed/tack storage, accessed by its own gated entry. For the equine enthusiast, there are four paddocks with equimesh fencing, with reticulated mains water and a 45,000L tank. Located in a prime north of Princes Highway precinct with excellent access to the M1 Freeway from Bessie Creek Road, Public transport (V-Line at Nar Nar Goon and Metro rail and bus services at Pakenham) Officer and Fountain Gate, this is truly where an enviable rural lifestyle meets total urban convenience. Inspect with Absolute confidence.
