This sophisticated apartment, strategically positioned in the heart of Box Hill to enhance lifestyle convenience, was meticulously designed by Taouk Architects. Its well-thought-out layout seamlessly integrates indoor and outdoor living spaces, basking in natural sunlight. Upon entry, you're greeted by an open-plan layout comprising a kitchen, living, and dining area adorned with stainless steel appliances, including a gas stove, under-bench oven, and dishwasher. Floor-to-ceiling windows flood the room with light, extending the living space onto the balcony, where you can unwind while taking in the surrounding views. The apartment boasts two bedrooms, each equipped with built-in robes, and is serviced by a centrally located bathroom boasting contemporary finishes. Additionally, a separate Euro laundry adds convenience to the living space. Further enhancing comfort, the apartment features split-system heating/air conditioning, intercom entry, and a secure parking space. Completing its allure is its prime location adjacent to Box Hill TAFE, Box Hill Hospital, and Box Hill Gardens—perfect for leisurely strolls. Also within easy reach are Box Hill Central for shopping, an array of restaurants, and Box Hill Train Station.
