\$1,850,000

Compelling, captivating 'KURRAJONG' represents an increasingly rare opportunity to secure a significantly proportioned 613m² approx. allotment surrounding a family home with great flow and livability that will only appreciate in value - an investment in your family now and for the future, desirably positioned directly opposite Newport Lakes Reserve. A period façade behind a lovely leafy front garden creates a beautiful first impression for a series of ideal spaces that await beyond. The formal lounge's open fire-place, original polished floors and high ceilings are complemented by the modern mood and indoor-outdoor allure of a living/dining area that opens to superb undercover decked dimensions overlooking the rear garden and its salt-chlorinated, solar heated pool. An open-plan kitchen of significant size and style meets every need with ease, further enhancing a four bedroom, two bathroom floor-plan featuring a master suite with its own access to the deck and the brilliant backdrop. A garden storage shed and double carport plus storage add to the outdoor appeal of this exceptional family address, walking distance from Newport Lakes and Sacred Heart Primary Schools, Ducrow Reserve, cafes and of course, the natural beauty of Newport Lakes Reserve.
