The property greets you with a tree-lined driveway and immediately impresses with its vast expanse, featuring multiple sheds, gardens, a separate paddock, and a well-constructed double-storey home. Inside, the floorplan offers great flexibility, with two bedrooms on the upper level and two on the lower level. The master bedroom enjoys a touch of luxury with its large windows and balcony, providing a private view of the established trees and the delightful sounds of morning birdsong. Adjacent to it, there's another generously-sized bedroom with built-in robes, along with a central bathroom and separate toilet to serve the upper level rooms. The living area is truly captivating, adorned with exposed oregon beams and enhanced by an open fireplace that emanates natural warmth, complemented by a gas heater, making it perfect for chilly winter days and nights. The kitchen/meals area is flooded with natural light and offers a free-standing cooktop, built-in pantry, spacious fridge cavity, and ample bench and cupboard space. Several steel frame sheds with concrete slabs and power are readily available, whether you need a work shed, extra storage, or a secure shelter for your vehicle. An open carport provides additional covered parking space. The property's abundant space and mature trees create a sense of seclusion, making it feel like you have no neighbors at all.
