\$295,000

Located just metres from the IGA Supermarket and various shops this three bedroom two bathroom home with wonderful street appeal would suit anyone. The lounge room is located at the front of the home and the dining flows off the kitchen giving the home a second living room along with two bathrooms. This home does need some work and we have had quotes from reputable companies to carry this out if you are unable to do it yourself. The fully enclosed large backyard with established fruit trees is a great safe space for the children and there is a single garage. What a fabulous position close to shops, schools, parks, transport and the CBD.
