\$470,000

An immaculate clad residence with fantastic presentation throughout. A conventional layout with 3 good sized bedrooms (main with Built-in wardrobes), living room with split system A/C, dining room, separate family room, modern laminated kitchen and well appointed bathroom. There is the convenience of natural gas central heating and a sunny North aspect to the rear. The single garage and workshop has front driveway access and a covered entertainment deck provides an excellent outdoor space. You'll appreciate the extra living space here comparing very well to others in the price bracket.
