Character weatherboard home with all the beautiful features of home built in the forties. These include Jarrah floorboards, high ceilings with ornate cornices and ceiling roses and stunning clear leadlight french doors and windows. The front porch leads up to the entrance of the home. Step back in time where the foyer has the huge master bedroom to the right and the spacious lounge with fireplace to the left. All bedrooms are located on the South side of the home and the large bathroom is convenient to all. Travel through into the kitchen dining family area that has a half wall separating it from the sunroom with french doors that open onto the rear patio and outdoor entertaining area. To one end of the sunroom there is a sleepout and to the other the laundry and toilet. The kitchen is light and cheery with colourful wall tiles adding a splash of colour. There is plenty of bench space and a handy central island bench. Opening off the north end of the kitchen and separated from the lounge by leadlight double doors is a dining or lounge area. There is plenty of room past the home to the single garage. To the back of the garage there is a handy playroom or bedroom that has the plumbing installed to what could be an ensuite. The back yard is a delight with large trees and rock edged flower beds. Best of all you are so central to the heart of Geraldton and the front beaches. Currently leased to caring tenants you can buy now and reside later if you wish. Call Marlene Chaushs on 0418471139 to inspect.
